

Beef and Lamb

Ovine Meat and Bone Meal
Min. 50% Protein - EU Certified

Country of Origin This meal is derived and produced from animals that were born, bred and slaughtered in New Zealand and Australia only.

Chemical Analysis:

Content:	Min	Max	Typical
Protein (N x 6.25)	48 %	54 %	51 %
Fat	6 %	15 %	8 %
Moisture	2 %	6 %	5 %
Ash	24 %	38 %	36 %
Calcium	-	-	14 %
Phosphorus	-	-	7 %
Fibre	-	-	2%
Peroxide Value	-	-	<20 meq/kg

Sieve Analysis:

Less than 3 mm	100 %
Less than 2 mm	> 98 %
Less than 1 mm	> 90 %

Antioxidant: Naturox Premium 500 ppm
* other antioxidants and/or dosages on request

Digestibility: Protein (pepsin) >85%

Microbiological: Salmonella (25 g) Negative

Amino acids Profile:

Alanine	7.6 g/100g CP	Leucine	7.4 g/100g CP
Arginine	6.7 g/100g CP	Lysine	6.6 g/100g CP
Aspartic Acid	8.9 g/100g CP	Methionine	2.0 g/100g CP
Glutamic Acid	13.2 g/100g CP	Proline	6.9 g/100g CP
Glycine	10.1 g/100g CP	Serine	4.1 g/100g CP
Histidine	2.5 g/100g CP	Threonine	4.0 g/100g CP
Isoleucine	3.8 g/100g CP	Valine	4.5 g/100g CP

Color: Light-Dark Brown.

Restriction in Usage: "Not to be fed to sheep, cattle, deer, alpacas, goats, or other ruminant animals."
